PRESS RELEASE

**Mission Green Million: Maruti Suzuki sells over 1 lakh factory fitted CNG vehicles
Highest ever in a fiscal**

With the launch of CNG in 2010 and Smart Hybrid in 2015, the Company has cumulatively sold over One Million Green Vehicles in India

Committed to sell the next One Million Green Vehicles under ‘Mission Green Million’

New Delhi, June 5, 2020: Maruti Suzuki India Limited, the pioneer of factory-fitted CNG technology for passenger vehicles, achieved highest ever sales of eco-friendly CNG-powered cars in FY 2019-20. The Company sold 106,443 factory-fitted CNG vehicles across India.

With green mobility in focus, Maruti Suzuki has witnessed 15.5% CAGR increase in its CNG sales in the past five years. This is a testimony to the Company’s customers accepting technologically advanced, eco-friendly and safe mobility solutions. Maruti Suzuki offers its customers widest options of factory-fitted CNG-powered cars. These include Alto, WagonR, Eeco, Tour S, Ertiga and Super Carry.

MARUTI SUZUKI

Advantages of Maruti Suzuki Factory Fitted S-CNG Cars

- MORE PERFORMANCE**
 - Dual Interdependent ECUs with Intelligent Injection System for optimal performance and high fuel-efficiency
 - Re-tuned Chassis, Suspension and the Braking system to ensure better drivability in all terrains
- MORE SAFETY**
 - Micro Switch ensures that the vehicle does not start while refuelling
 - Stainless Steel Pipes and Joints ensure a corrosion resistant leak-proof design
 - Integrated Wiring Harness eliminates any chance of short circuits
- MORE CONVENIENCE**
 - Auto-Switch ensures easy and seamless switch between petrol and CNG
 - Fuel Level Indicator to keep precise track of the amount of CNG in the car
 - NGV Receptacle to assist in faster and safer refuelling on CNG
- MORE TRUST**
 - Continued Warranty Benefits available
 - Assurance of a wide service network of Maruti Suzuki authorized Service Centres with skilled technicians

S-CNG
DRIVE SMART. CHOOSE GREEN.

With the vision to democratize green mobility for its customers and also aligning to the Government’s agenda of making greener India, Maruti Suzuki unveiled its mission at Auto Expo 2020 whereby it has aimed to sell the next set of million green vehicles at a much faster pace. Maruti Suzuki has named this mission as – **Mission Green Million** and the Company’s S-CNG technology will play a critical role in democratizing green cars and achieving the mission.

Speaking on the importance of CNG vehicles in its portfolio, Mr. Kenichi Ayukawa, Managing Director & CEO, Maruti Suzuki India Limited, said, “*The growth of CNG vehicles complements the Government of India’s vision of reducing oil import and enhancing the share of natural gas in the energy basket of the country from 6.2% now to 15% by 2030. The Government is working to rapidly increase CNG fuel pumps network in the country. There has been a phenomenal growth in number of CNG stations in last six years with over 50% of growth coming in the last year alone. With government’s clear focus, spread of CNG stations is set to increase significantly. Maruti Suzuki is aligned with Government’s*

vision by strengthening and expanding its CNG product portfolio. We see CNG as a technology that has set a new benchmark in green fuel mobility. Factory fitted S-CNG vehicles are designed to deliver optimum performance, safety, engine durability, convenience and mileage. We are committed to Mission Green Million and strive towards bringing more advanced, affordable and fuel efficient powertrain technologies for our customers.”

MARUTI SUZUKI

How are Maruti Suzuki Factory Fitted S-CNG Cars safe?

- Micro Switch**
Ensures that the vehicle is off and does not start while refuelling.
- Non-Return Valve Mechanism**
Eliminates chances of leakage.
- Dual Solenoid System**
Ensures gas is released only when vehicle switches to CNG mode.
- Leak Proof Design**
Stainless steel design and integrated harness ensures enhanced safety

S-CNG
DRIVE SMART. CHOOSE GREEN.

Factory-fitted CNG vehicles are safer and come with Maruti Suzuki’s warranty benefits and also assist owners with convenience of Maruti Suzuki service network across India. Maruti Suzuki’s S-CNG technology is equipped with Dual Interdependent ECU with Intelligent Injection System that ensures better and consistent performance along with high fuel efficiency across all terrains.
